Schenck's Pulmonic Syrup. Seaweed Tonic, and Mandrake Pilis wil cure Consumption, Liver Complaint, and Dyspepsia, if taken according to the directhe same time. They cleanse the stomach to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrous the to care Consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, ower his unrivaled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripers the morbid matter in the lungs nature throws it off by an easy expectoration, for when the phlegm or matter is the patient has rest, and the lungs begin To do this, the Seaweed Tonic and Man-

drake Pills must be freely used to cleans

the stomach and liver, so that the Pu

nonie Syrup and the food will make good Schenck's Mandrake Pills act upon the Julysly liver, removing all obstructions, relax the duets of the gall kindder, the bile starts freely, and the liver is soon relieved; the tools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison, which is very dangerous to use, unless with great cure) that will unlock the gall bladder and start the

secretions of the liver like Schenck's Mandrake Pills. Liver Complaint is one of the most prominent causes of Consumption. Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkasi in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric joice to dissoive the food with the Pulmonic Syrup and is made into good blood without fermentation or sour to the stomach.

br. Schenck, in his treatment, does not bry to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their nwn accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarra, Cauker, or Discussed Timost, unless the liver and stomach are made healthy.

When there is no lung disease, and only Liver Comptaint and Dyspepsia, Scheneir's Seaweed Tonic and Mandrake Pills are sufficient, without the Pumonic Syrup. Take the Mandrake Pills freely in all Hous complaints, as they are perfectly harmle-s.

Dr. Schenez, who has enjoyed uninter-rupted health for many years past, and now weighs 226 pounds, was wasted away to a mere skeleton, in the very last stage of Palmonary consumption, his physi-clans having pronounced his case hope-less and abandoned him to his fate. He was cured by the aforesaid medicines, Full directions accompany each, making it not assolutely necessary to see Dr Schenck, unless patients wish their lung examined; and for this purpose he is professionally at his principal office, Phila delphia, every Saturday, where all letter of advice must be addressed.
